BEN
I used a red pen
To write the number ten

And I drew a den
I also drew a hen

His name is Ben
And he has a friend Len

BROTHER

I love my brother
We have the same mother

He is smart
And he likes the dark

We sometime fight
In the night

We make a great team
But we both like to dream

Myself

I played in the house
Then the cat got a mouse

Lily throws a volley ball
Then I trip and fall

I played in the yard
But the clean up was hard

The cats play now
And they meow

I like them too
But they go boo

They are nice
And hont mice

COWS

They like to moo
Then go poo

They eat grass
In a huge mass

They give us milk
But not silk

RAMS

They will win the Super bowl on
Sunday
And we will celebrate on Monday

They are against the Cincinnati
Bengals
That team smells like bagels

I will support them all day
No time to play!

I have to put up my chin
And say 'this will be an easy win'

HAT

My cat wore a hat
After it was put into combat
With a dirty rat
That rode a mat

The hat was made of leather
Only during the warm weather
The color turned black
When it was ready to attack

My hat finally won
Because it had so much fun
When he was done
He sat down & watched people
run

There was once a very big school
Everyone there was very cool
Most of them get very mad
Only when someone is very sad
There are just too many roles

Some of them are kinda funny
Some of them have a lot of money
Most are very smart
Some like to play with cards
It's usually very sunny

They have a lot of hobbies
But some play while it's foggy
It goes from playing to drawing
And there is also talking
Most like to play with their buddy

It's just a big private school
The kids copy with their tool
Some kids are masters
At surviving most disasters
And that fact is very true

During the time for lunch
Some start a fight with a punch
The people who aren't involved
Try to have the problem solved
It usually takes a bunch.

Making Magic with a Paintbrush & a Pencil

A pencil and paintbrush, both tools used to
create
One used to write and draw, another to
illustrate
Write about or paint anything from Earth to
Pluto
A pencil and a paintbrush, an unstoppable
duo

The pencil does the sketch, the paintbrush
completes
Drawings of lively cafes, or bustling streets
The pencil makes work with its graphite to
describe
Scarlet skies, sapphire waters, make the
text come alive

My own pencil's hard work is soon to be
done
After writing this short poem, to be read by
anyone
Maybe next I'll take my paintbrush and paint
all day
Or stay up late and paint the night away.

Story Poem

A Million Years Ago

I wonder what life was like a million years
ago
Did it rain diamonds, did dinosaurs have big
egos?
Did cavemen fly on dinosaurs with wings?
Did the sea have underwater kings?

Studies show there were humans walking
I don't believe that, I think trees were
talking
If I could have a time machine I'd go to the
past
Where the colossal sharks could eat cruise
ships fast

Were there UFO's flying about?
Were there two-hundred foot trout?
Were monkeys flying with magical hats?
And were they fighting with baseball bats?

I guess we'll never know
Until we build a time machine and go
One thing's for sure, it was a time of change
But don't forget the monkeys that are
deranged.

COVID-19

Covid-19 has kept us apart
To the point where we start to count
the days on a chart
When's the next time we can go
outside?
And go to the park and go on a slide

You can't go anywhere without a risk
So we're stuck inside cooking bisque
You have to be careful anywhere you
go
So make sure you don't even touch a
bow

Although all is bad we should think of
the good
Because maybe all of this has been
misunderstood
We get to spend time with each family
member and friend
And maybe that's what Covid-19
meant to intend.
