

Hello Everyone!

Cultural Day

Is this Friday, October, 14th.

Important information;

Students will come to school dressed in cultural attire. We look forward to understanding the uniqueness of different cultures and ethnicities.

We will have 9 countries represented; parents from these countries will be presenters; sharing interesting facts, customs, pictures, artifacts, music, food etc in an interactive format with our students.

It is our job to encourage inclusiveness and tolerance for cultures that are different to ours; to stop looking for similarities, instead, to honor our differences. We believe we have a lot to learn from each other and on Cultural Day we have an opportunity to do so here at school.

Our students are getting ready making their Passports and suitcases and are excited to 'travel around the world' on Cultural Day.

We will be posting pictures and videos of our adventures around the world on Cultural Day on DOJO School Story and on the school website. Make sure to take a peek!

We look forward to a day of learning!
