

# Summer Camp for visiting students 2023

Dear Parents,

We welcome all elementary students to participate in our enhanced 8 weeks of summer camp. We have created a wonderful program to suit every student and we are certain everyone will love it! We must inform you that 'kindness, happiness and inclusion' is the culture of our school and we hope every new student will work towards abiding by them. Thank you for your cooperation in informing your children in advance!

We have designed a summer program that is rich in academic content so that children won't forget the knowledge and skills attained during the school year. We are going to create an individualized summer enrichment program for every child that participates. Teachers will evaluate each student & work on an individualized plan that will include Language, Math & Reading.

It is each parent's decision to have their child wear a mask both indoors and outdoors; if you feel that your child needs to wear a mask, please feel free to ask him/her to do so.

Returning this summer; the very sought after Robotics Program by Bricks 4 Kidz. Students will build robots with Legos; designed by Engineers, Teachers and Architects to promote S.T.E.M. growth. This year, in addition to all the exciting in-house entertainment, we have included a Tennis camp by Tennis Kids, Music with Mr. Mario, Dance Class by DanceFit, Hapkido by Kim's Hapkido, & Soccer by Coach Jack. Please see the summer calendar for all daily activities that will include all in house assemblies & field trips (away). Students may attend weekly or in a 4 week session.
