

# Preschool New Student Summer Camp 2023

Dear Parents,

Welcome to Oneonta Montessori School! We have designed a summer program enriched with hands on learning and stimulating activities; in house entertainment to include Magicians, animal shows, dance & music classes, gross motor skill challenges, and good ol' fashion fun.

We want to make sure your little one is able to get adjusted as soon as possible; able to say goodbye with a happy face, competent in new surroundings, communicate needs verbally, work independently, follow basic routines, build a relationship of trust with teachers & make new friends. Our teachers will work with your children throughout the summer, setting individualized goals and encouraging strengths. Our current preschoolers are very good role models. They will welcome your child with friendship and kindness; helping your little ones feel safe, happy, and how to feel content.

During the summer your child will grow in leaps and bounds, and when the new school year begins in August, will be ready for all the exciting challenges we have planned for them.

We look forward to having your preschooler participate in our exciting summer camp and guarantee a fun and exciting time. If there is anything we can do to help you or your preschooler feel more comfortable, please get in touch with us. We are glad to help!

Our teachers communicate with parents via an app called **DOJO**. The First step is to download the app; Class teachers will send you a welcome letter that has an invitation to join. Please make sure to accept the invitation and start receiving news & pictures of your child from the very first day. Teachers will send out weekly schedules (via the DOJO app) every Friday (for the week ahead) to keep you informed of all the exciting activities the children will be participating in. Also, please check out our school website, [www.oneontamontessori.com](http://www.oneontamontessori.com) periodically; you will see many pictures of all the stimulating activities, in house assemblies & fun projects that Oneonta students will be engaging in throughout the summer.

Once again, Welcome to our fabulous school where happiness abounds!

Sincerely,

Ms Fiona ☺
